

# THE KASI CLINICS 2018-19

## ASI PG CME SERIES

### SESSION I

Organised by Regional Cancer Centre, Trivandrum  
Date: Sunday, 19th August 2018  
Venue: Conference Hall, Level 7, RCC, Trivandrum

Dear colleague,

We take immense pleasure in inviting you to the first session of the new academic venture of ASI Kerala State Chapter – THE KASI CLINICS. This is a novel initiative by the ASI Kerala State Chapter with the sole intention of discussing topics and case scenarios from the postgraduate point of view. This single theme based training programme is aimed at equipping the postgraduates to face the exams in a confident manner.

The ASI Kerala State Chapter plans to hold such theme based, case based discussion programmes at regular intervals in various cities of the state. The agenda for these single day programmes would be case discussions, exam oriented topic presentations and question answer sessions.

The first of these sessions is being organised at Regional Cancer Centre, Trivandrum on the 19th of August 2018.

We request all postgraduates to attend the programme and help us in making this initiative a great success.

Thanking you
